**SUMMARY:** As expected from a RoSPA accredited course designed around HSE guidance, our training has been recognised as being of the highest quality by local and national government as well as the construction and engineering industries, agriculture, estate management, the emergency services and the military. We do understand that some organisations require specific training courses and assessments to be undertaken, and as such we can provide the Lantra Awards Sit-In ATV training, and can tailor courses in preparation for City and Guilds (NPTC) assessments.

## **ALL-TERRAIN VEHICLE TRAINING AND QUAD BIKE COURSES IN YOUR WORKPLACE**

CTA (Caledonian Training Academy) run professional training for your sit astride quad bike riders and sit-in ATV drivers across the UK, either on one of our off-road sites, or using your machines, in your workplace. Training, whether **RoSPA** accredited or **Lantra**, are Integrated Training and Assessment (ITA) courses, leading to certification of competence if the required standard is met. After training candidates can be independently assessed by an NPTC (G&G) assessor if required to confirm competence when working in high-risk environments. (Note: We recommend sourcing NPTC Assessments direct with a local assessment centre, to ensure accuracy and independence.)

Both our training and experience is extensive and detailed, but above all, practical and pragmatic. We work with your requirements, to ensure that your employees are fully prepared in their day to day working environment.

## **THE ROSPA ACCREDITED SIT-IN ATV COURSE COVERS:**

- Legal framework and Health and Safety
- Machine knowledge and suitability assessment
- Pre-start checks
- Safe procedures and observations
- Safe operations on level ground
- Techniques for rough terrain
- Ascending and descending hills safely
- Carrying loads
- Attachments (including operation of the machine when fitted with snowploughs, sprayers etc)
- Trailed equipment (gritters/spreaders, trailers etc)

## **ATV COURSE DELIVERY:**

- 1 day duration
- Up to 3 operators/instructor day
- Can be undertaken at your own venue (depending upon suitability), or at one of our off-road sites
- From £200/candidate, depending upon venue and machine hire
- **RoSPA** certification (**Lantra** certification available in some areas)
